BULK PRODUCTS LOGISTICS

Intermodal

GCA's prime concern: guaranteeing safety in the transport of hazardous materials.

30,000 tonnes CO² saved per year for
35 million kilometres covered.

More than 30 years' experience.

GCA inland waterway partner Lyon

Services:

GCA is an intermodal transport operator specialising in the markets of petrochemicals, foodstuffs, gas and dry bulk. GCA organises the logistics and transport of containers for its clients.

Value Added:

Two thirds of GCA's long-distance activity is through combined rail-road transport - with teams trained to master a variety of techniques deploying adapted equipment.

A proven expertise in the management of operators

Transport of foodstuffs

GCA containers

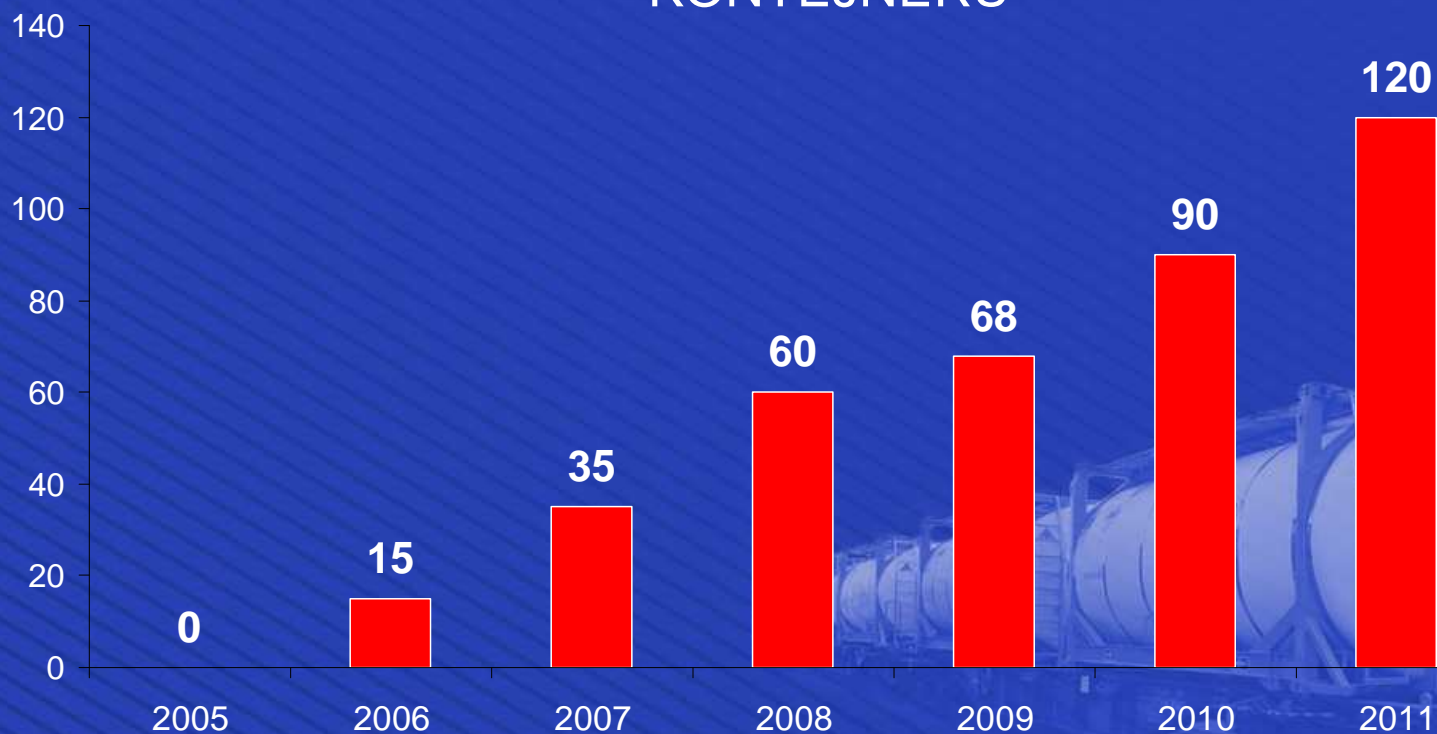

QHSE

- GCA's new management contributes to the protection of the environment by reducing emissions of greenhouse gases.
- Risk reduction in the delivery of goods.
